Hi Kathy,

Guess what? Another request for the alpha-trenbolone data. Same registration exercise as the one Holly and Jane are involved in. Please send Lisa the same files you sent the others.

While I have you "on line", how are the figures coming? Any possibility they will be done this week?

Thanks!

Gary

Subject: 17 α -trenbolone data

Dear Gary,

As per our discussion this morning, in support of the Synovex LA filing, would you please arrange for the raw data associated with the 17 α -trenbolone effects on reproductive endocrinology of the fathead minnow, Jensen, *et.al*, 2006, to be provided.

Thanks for your time and consideration.

Kind regards,

Lisa A. Constantine
